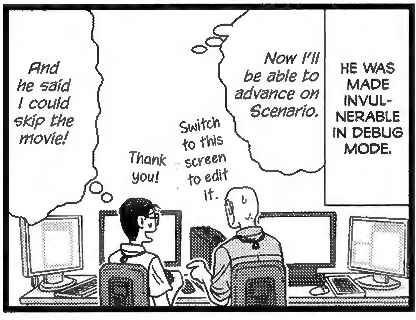
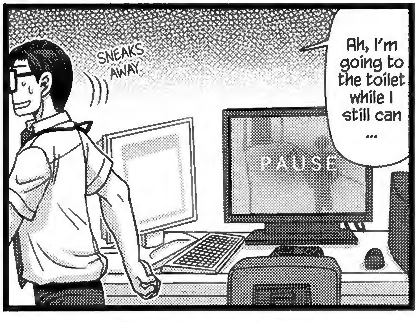
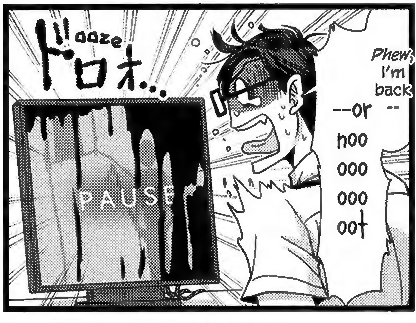
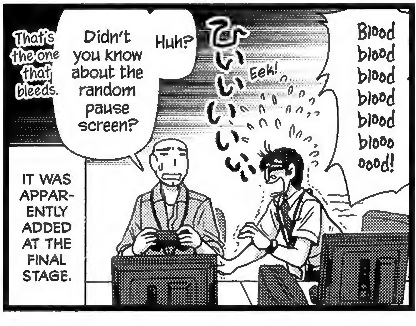
# IT'S A HORROR GAME THING

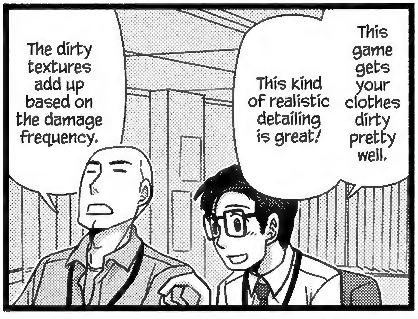


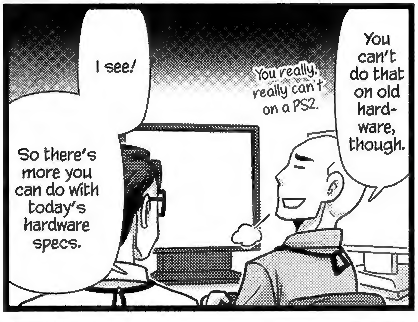


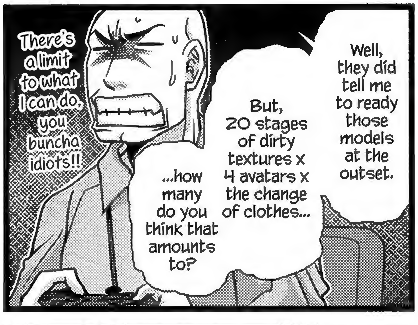


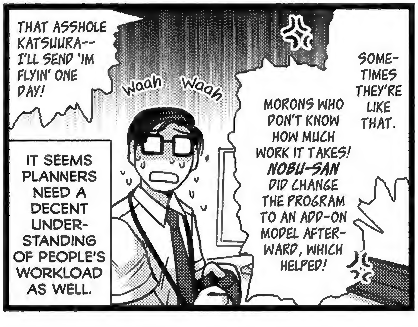


# SPECIAL TEXTURES

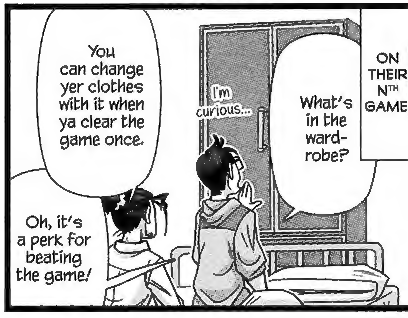








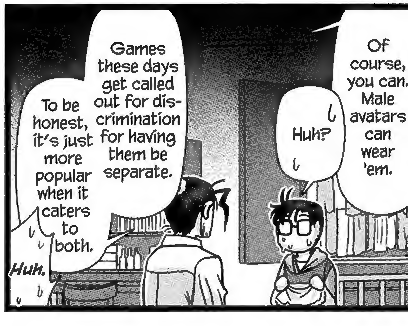
# DRESS UP 1



ON THEIR Nth GAME.
What's in the wardrobe?
I'm curious...
You can change yer clothes with it when ya clear the game once.
Oh, it's a perk for beating the game!

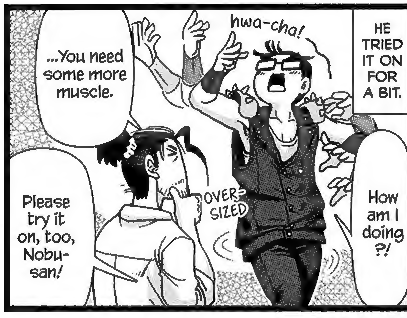
Wow!
There's quite a lot of them!
kerchak

.....Oh. There are also clothes for girls...
Cute ones and sexy ones...
But we can't equip these, right?

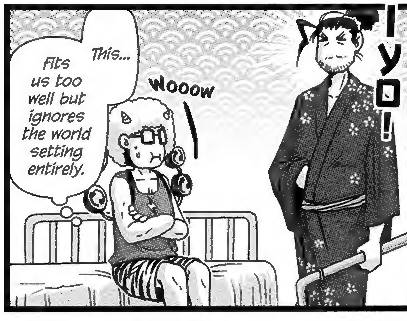


Of course, you can. Male avatars can wear 'em.
Huh?
Games these days get called out for discrimination for having them be separate.
To be honest, it's just more popular when it caters to both.
Huh.

# DRESS UP 2



...You need some more muscle.
hwa-cha!
HE TRIED IT ON FOR A BIT.
Please try it on, too, Nobu-san!
OVER-SIZED
How am I doing ?!

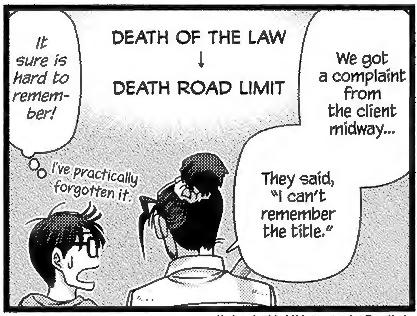


This...
Fits us too well but ignores the world setting entirely.
WOOOW
ソロ!

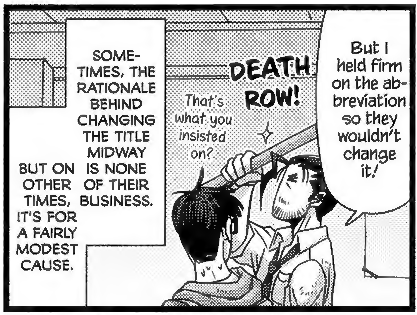
GULP
Then...
ゴクリ...

No, go ahead, Nobu-san.
Be my guest...
There ya go.
...You wear it.
IN THE END, IT WAS PUT BACK AND LEFT ALONE.

# TITLE CHANGE

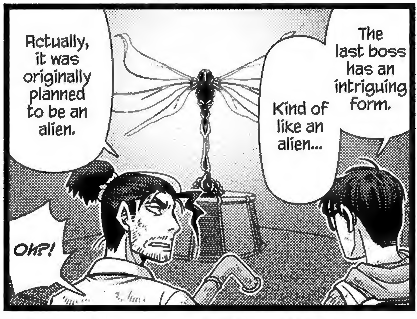


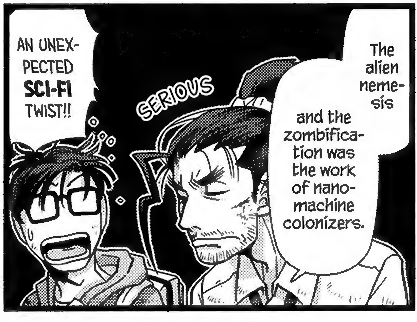
Note: both titles are in English.

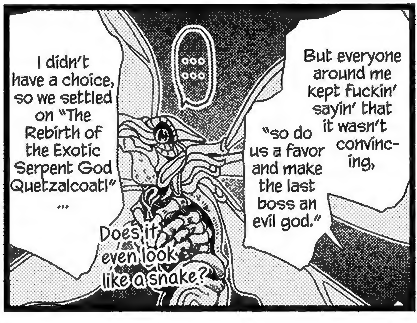


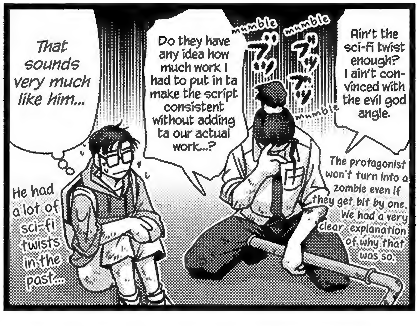
Note: ロー (roh) is the Japanese pronunciation for both the English "Law" and "Row." "Road" is ロード (rohdo).

# SETTING CHANGE

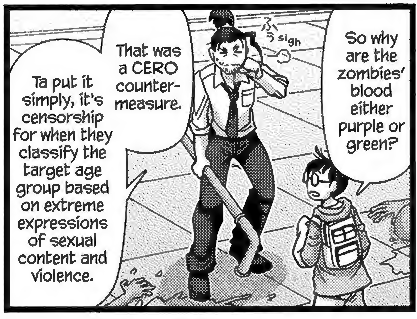






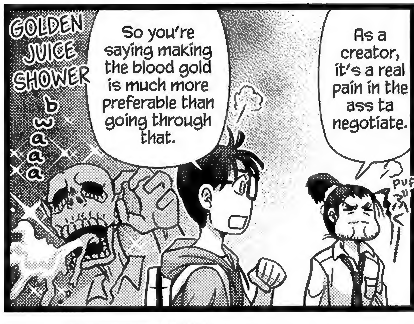


# IT'S CERO?



Ta put it simply, it's censorship for when they classify the target age group based on extreme expressions of sexual content and violence.
That was a CERO counter-measure.
sigh
So why are the zombies' blood either purple or green?

Ta get the result of sellin' ta a huge crowd, the higher-ups demand ta suppress those.
It won't be easy ta tap into the general public if we can only sell ta an older age group.
It's not that ya can't.
That's weird. So you can't use red, but purple is OK...



GOLDEN JUICE SHOWER
bwaa
So you're saying making the blood gold is much more preferable than going through that.
As a creator, it's a real pain in the ass ta negotiate.
puff

Ah!
I flipped a funny switch!
But... that's an interesting thought.
One-upping the regulations...
Easier said than done, buddy.

# IT'S CERO 2

So that's why it's so hard to sell foreign horror games in Japan.

Another one that's strictly regulated in Japan is dismemberment.

Go too far and ya won't be able ta sell the game.

[tttt]

SLICE

Even in Death Row, heads fly and torsos get torn ta shreds at first.

That can happen ta your own character, too.

WOOSH

It's okay ta do it on zombies at least.

But as you'd expect, the clients didn't like it...

You guys were the ones who said it was fine... sir. It's too late.

Actually, let's just go without. The higher-ups said no.

But isn't a zombie treated as a monster?

It's Nobu-san's negative aura.

It's stagger-ing!

I wonder if this is the stress that gave birth to the desert island game.

Those WUSSIES ...!

What CAN we do with such a wishy-washy horror game when they say naïve shit 'bout regulations?

Those fuckers!

# COMPREHENSION

When the minibosses piled up on this guy...

pent-up

Nobu-sa

I'm already

Ah!

I thought he was done for. That feeling of despera-tion...

And yet, for some reason, it also felt naughty...

All powerless as your lover is about ta be violated by someone else...

Ta get excited when he's snatched right in front of you...

Fwah?!

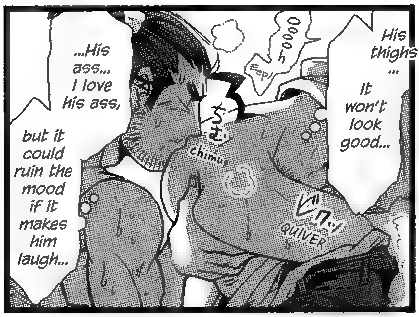
I get it now!

...Fih!

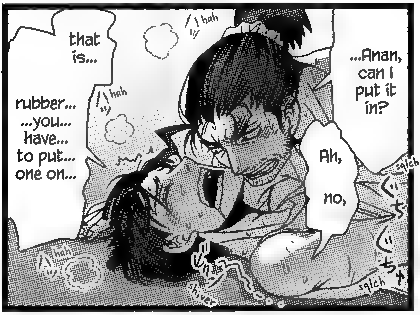
Is this what NTR play is?!

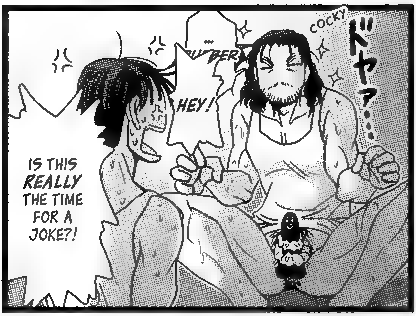
NOBU-SAN'S FREAK LEVEL WENT UP.

# POSSESSIVENESS AND VANITY



# I WANNA PUT IT IN





FOR NOW

Hm... Ah!
Can't be helped...
Then for now, let's just jerk off together.

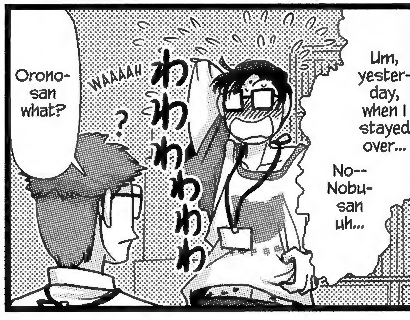
Your back's red. Insect bites?
Huh? Aman-kun.



Orono-san what?
WAAAAH!

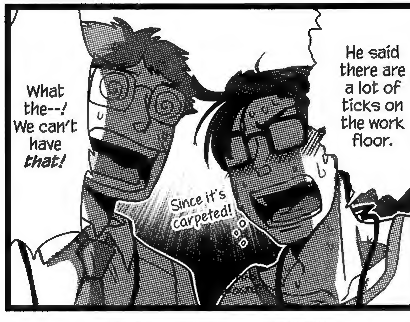
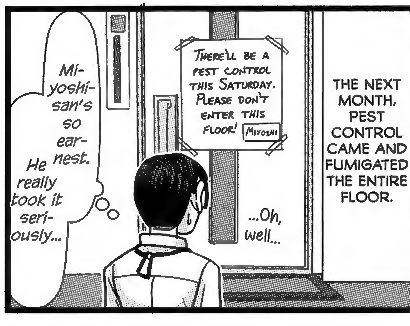
Um, yesterday, when I stayed over...
No--Nobu-san uh...

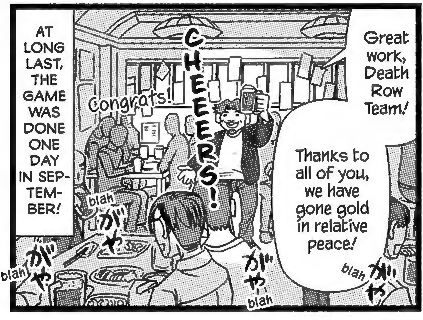


What the--! We can't have *that!*
Since it's carpeted!
He said there are a lot of ticks on the work floor.



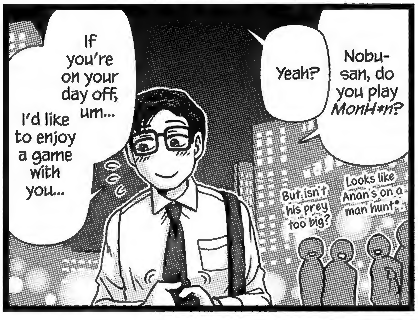
Miyoshi-san's so earnest. He really took it seriously...
THERE'LL BE A PEST CONTROL THIS SATURDAY. PLEASE DON'T ENTER THIS FLOOR! MIYOSHI
...Oh, well...
THE NEXT MONTH, PEST CONTROL CAME AND FUMIGATED THE ENTIRE FLOOR.

# IT'S LAUNCHED!



Note: Shirt says "Perfect Combustion."

# I'D LIKE TO STAY OVER



Note: This is a play on M*nster Hunter's tagline(?),一狩りいこうぜ! (let's take a hunt!). — (*ichi*) can be read as ひと(*hito*), turning it from "a hunt" to a "man hunt" (a friendly one).
